WHOLE COUNTRY IN GRASP OF BLIZZARD

Eastern and Southern States In Arms of Ice King.

STORM WARNINGS DISPLAYED

Vessels Are Ashore Along the Atlantic Coast and Loss of Lives Are Reported—Coldest Wave for a Number of Years.

Washington, Jan. 26.—The middle Atlantic coast is the scene of a severe storm, and, according to reports from the weather bureau, presents the most extreme conditions of the winter.

A marked cold wave extends into Tennessee, and general snows, accompanied by severe northerly gales, have visited the territory east of the Mississippi river. In the Missouri valley and the northwest the temperatures range from 8 to 30 degrees below zero. West of the Rocky mountains the weather continued generally cloudy, with rain over the north districts and California. Still lower tempertaures may be expected tonight in the east and south with freezing temperatures in Florida, probably to the 26th parallel, and temperatures between 12 and 24 degrees on the middle gulf coast. Cold weather will continue during Thursday and probably Friday. On the middle Atlantic coast there were northwest gales on the south Atlantic coast, the winds will be high northwest, diminishing Thursday, and on the gulf coast, brisk north winds.

Storm warnings are displayed on the Atlantic coast from Jacksonville to east Portland at New Orleans and Galveston.

Philadelphia, Jan. 26.—The storm, which began in this city and surrounding country last night, continued today without any sign of abating. The snowfall registered 7 inches. Street car travel is badly crippled. The heavy wind is drifting the snow, and suburban street car traffic is practically at a standstill.

Railroad traffic, except on the through trains, has not been interfered with to any extent.

Reports from Delaware breakwater are to the effect that the snow, accompanied by a 53-mile gale, makes it very dangerous for shipping.

New York, Jan. 26.—With 6 inches of snow on the ground, a 40-mile wind from the north blowing the snow into high drifts and the temperature at 18 degrees and falling, New York experienced today one of the worst storms of the winter. The snow began last night, and continued falling steadily today.

Boston, Jan. 26.—The snowstorm, which began in this city last night, assumed severe proportions before morning, the snowfall being accompanied by a high northerly gale and low temperature. The thermometer registered 9 degrees above zero this morning.

Atlanta, Jan. 26.—Wednesday is the coldest day of the winter, and Thursday bids fair to be even colder.

At 8 o'clock Wednesday morning the mercury reached the lowest point of exactly 6 degrees Fahrenheit—that it has been since Dec. 21, 1901, more than three years ago.

And it will go lower Wednesday night, as Forecaster Marbury confidently expects the lowest point to be around the zero mark.

Cincinnati, Jan. 26.—Officially the temperature in this city early today was zero, several degrees colder was reported in the outlying portions of the city. Similar temperatures were recorded throughout the adjoining states. Middlesborough, Ky., experienced the coldest weather in six years, the mercury reaching 12 below zero.

Nashville, Tenn., Jan. 26.—At 6 a. m. the thermometer registered 2½ degrees below zero. This is the coldest weather here in several years.

Birmingham, Ala., Jan. 26.—The thermometer reached the lowest point this winter here this morning, standing 7 degrees above zero at 8 a .m. A strong northern gale added to the intensity of the cold.

Norfolk, Va., Jan. 26.—It is reported here that three vessels are ashore at Sewall's Point, and that there has been loss of life.

Omaha, Neb., Jan. 26.—The thermometer is 17 degrees below zero.

TRAGEDY ON ELEVATED TRAIN.

Insurance Man Shoots Railroader for Alienating Wife's Affections.

Chicago, Jan. 26.—Passengers on an eastbound Metropolitan elevated train have been thrown into a panic when George H. Gould, cashier of an insurance company, shot and fatally wounded A. R. Hammond, a guard employed by the road.

Hammond was off duty and was returning home. Gould boarded the train and entered the car where the guard was sitting. Witnesses to the shooting say he at once accused Hammond of alienating the affections of his wife, who, Gould said, left home deserting her husband and three little children a week ago. Words followed and before the train had reached the next station Gould drew a revolver and fired two shots.

There were more than 20 passengers in the car, and they fled to the other coaches of the train. The train crew telephoned to the police asking for an ambulance to meet the train at the Marshfield avenue station. They then hurried the wounded man at the Marshfield avenue station. They then hurried the wounded man to that station without making stops. Gould stayed in the car and surrendered himself to the police.

Among the persons in the station at Marshfield avenue was Mrs. Gould, who said she was waiting for a friend whose name she refused to divulge. When she saw Hammond being carried out of the station, she started forward with a cry.

Both she and her husband were locked up.

Hamond was taken to a hospital, where, it was said, he could not recover. One of the bullets took effect in his left side an inch below the heart and the other penetrated his wrist. Before their marriage Mrs. Gould was Mary Scott.

GRAND JURYMAN ARRESTED.

Considerable Mystery Surrounds His Dismissal from that Body.

Portland, Ore., Jan. 26.—Considerable mystery surrounds the sudden discharge from duty of Carl Phelps, secretary of the federal grand jury.

Last Friday Phelps requested to be excused from duty for the day. He then disappeared and nothing was known of his whereabouts until Monday, when he was found in his room by officers, who were searching for him.

At the request of the other members of the jury Phelps was paid the money due him for his services as grand juryman and, it is said, ordered to return to his home and remain there under pain of the displeasure of the United States district court.

Roosevelt's Name Cheered.

Kansas City, Jan. 26—The Southwestern Lumbermen's association in convention here cheered when President Roosevelt's name was mentioned in connection with the movement to give the interstate commerce commission more power. A resolution was adopted urging the members of the association to use their influence with their representatives in congress to have such legislation enacted at this session.

Alabama Sheriff Missing.

Montgomery, Ala., Jan. 26.—The absence of Sheriff S. May, of Crenshaw county, has been reported to the governor and some fear expressed that he had left the county permanently, but so far as any one is justified in presuming, there is no vacancy in his office. His office is said to be in the hands of his son, and there has been no charge made of any shortage either with the state or the county.

COTTON GROWERS MEETING AT WORK

Advised to Build Warehouses For Storage of Staple.

PRESIDENT JORDAN IN CHAIR

Excellent System of Dividing Up Work of Convention a Great Help—Committees Hard at Work—$2,000 Raised to Print Report of Meeting.

New Orleans, Jan. 26.—The excellent system of division of the work of the Southern Interstate Cotton convention among a large number of specially selected committees has made it possible to do most of the important work outside of the convention hall and to minimize the opportunities for fighting on the floor. The principal committees went immediately to work last night and two or three of them burned considerable midnight oil with the result that the convention was slow in assembling for its morning session today. The forenoon program embraced three set addresses with provision for 30 minutes' discussion of each topic presented.

President Jordan presided. The proceedings opened with an address on a plan for practical and profitable storing of cotton in warehouses in the South by Hon. E. K. Summerwell, of New York, a prominent corporation lawyer who, representing the American Warehousemen's association, conducted the "free storage" cases before the interstate commerce commission. Mr. Summerwell said in part:

"I advocate as the true solution of the question before us the storing of cotton at natural points by local warehouse companies, united, however, through a general storage warrant company, which shall provide for them uniform receipts and methods and exercise over them such supervision as may justly inspire confidence in them and make their receipts good collateral the world over.

"The natural storage points are not the villages or hamlets where a few bales are marketed, but the concentration points where an ample supply warrants the erection of standard, modern, sprinkler-system warehouses. Any other are worse than useless. Insurance rates alone prohibit their use. Until within recent years the cost of sprinkler appliances and standard construction stood somewhat in the way, but now, with reinforced concrete, slow-burning materials and sharp competition in sprinkler-systems, a first class warehouse for 20,000 bales can be fully equipped and operated with ample grounds in a good location with not over $50,000 capital and the investment becomes a profitable one at once. Built on the compartment plan, the warehouse is available for general storage when not needed for cotton and the system on the whole is of the highest value to every fair-sized town and city of the south."

On motion of Hon. J. Pope Brown, of Georgia, a finance committee was ordered created to raise $2,000 to cover the cost of distribution of the reports of the proceedings. President Jordan said the merchants of New Orleans offered to give $1,000 of the amount required. The convention promptly raised its pro rata.

President Jordan read the following important telegram from Director North, of the census bureau:

"Accept my thanks for invitation to address cotton growers' convention. It does not seem necessary that the census office should be represented there. Its position has been made perfectly plain in my letter to Congressman Burleson. If cotton planters do not want these ginners' reports continued, and are unwilling to cooperate heartily to maintain and perfect them the reports will be abandoned after this season.

"Affirmative action by the convention approving these reports would greatly aid the census bureau in its efforts to carry out the law."

The telegram was referred to the committee on statistics.

President Jordan announced that he had wired to Mr. North asking him to telegraph the convention sometime tomorrow at noon, the ginners' report made up to Jan. 16, information of great importance which he believed the convention desired.

A motion by Mr. Clanahan, of Louisiana, was adopted for the appointment of a committee to invite ex-Congressman Thomas E. Watson, of Georgia, to address the convention.

After listening to an address by Mr. J. H. Dargan, of the Georgia, Cotton Warehouse insurance, the convention took a recess until the afternoon.

IN FAVOR OF RACE SUICIDE.

Woman's Society For Political Study So Declare Themselves.

New York, Jan. 26.—The Woman's Society for Political Study has discussed the injustice done to children in large families, where the parents are unable to support them properly, and after due consideration those present came out strongly in support of "race suicide."

The discussion was started by the reading of the weekly municipal report. It developed that the society desires anti-pauperism laws that shall restrict the propagation of the human species. The speakers expressed the belief that such laws would furnish the solution of the child labor question, of overcrowded schools and all other complaints that hang upon the rapid increase of children.

"We are wasting sympathy," declared one speaker, "to people who have surrounded themselves with a large number of little ones when they cannot possibly feed them. Let the parents starve if they bring paupers into the world."

RUSTY TACK CAUSES POISON.

Miss Barden, of Augusta, Operated on at Trenton.

Trenton, N. J., Jan. 26.—Miss Mary Barden, a beautiful young woman, 18 years old, was operated on at St. Francis hospital today with the hope of saving her life. Her leg was amputated.

Miss Barden, who lives in Augusta, Ga., came to Princeton Junction eight months ago to visit her aunt.

Some weeks ago she stepped on a rusty tack. The wound seemed to swell and evidences of blood poisoning were manifested. The physicians did their best to check the disease, but finally decided that the only hope for the girl's life lay in the amputation of the leg.

The operation was successfully performed and the physicians hope that their fair patient will survive the shock.

QUEEN THROWN FROM AUTO.

King Alfonso and Balance of Party Are Uninjured.

New York, Jan. 26.—Queen Christina, while riding with her son, King Alfonso, in an automobile on the Prado has, cables the Madrid correspondent of the Herald, met with an accident. She fell to the ground, receiving slight injuries.

King Alfonso was uninjured. Others with the party fell out and returned to the palace covered with mud.

There was great alarm at the delay of the party in returning.

The king went out at 2 o'clock and was expected back early, but did not arrive until nearly 8 o'clock. In the meantime the rest of the Royal family remained on the balcony of the palace looking out for the missing ones and finally telephoned the palace for information.

Yaqui Indians Kill Three.

El Paso, Tex., Jan. 26.—Antonio Asturian, a member of a prominent Mexican family, with two servants, has been murdered by Yaqui Indians in the same vicinity where four Americans were slain last Thursday. The family of M. Doune, a ranchman, was robbed, but they were allowed to go with their lives.

Russian Ships at Madagascar.

Seycelles Islands, Indian Ocean, Jan. 26.—The French governor of Reunion reports that the Russian second Pacific squadron was at Passandava bay, northwest coast of Madagascar, Jan. 29. It was thought the squadron intended to go to the east coast of Madagascar owing to the hurricane season.

The Seycelles Islands are about 700 miles northeast of Madagascar.

SOLDIERS CONTROL RUSSIAN SITUATION

Czar's Governor General Is In Supreme Command.

HUNDREDS OF ARRESTS MADE

Lack of Money and Food Is Having Its Effect on the Strikes; However, There Is Much Unrest and Excitement Throughout Empire.

St. Petersburg, Jan. 25.—3:30 p. m.—Governor General Trepoff was in supreme command of the city today. Although a siege has not been actually proclaimed, it practically exists, the emperor having conferred upon him as governor general, almost absolute power, authorizing him to use the military and every other agency of the government to preserve the peace and placing under his control the government works and schools and even empowering him to exile persons who are inimical to peace. During the night hundreds of arrests were made. The only decision of the government thus far is to preserve order at all costs.

The appearance of St. Petersburg is more normal, but no more men have returned to work.

The funerals of many victims of Sunday's tragedy were held this morning. Pitiful sights were witnessed. In several cases a man and wife carried between them a wooden box containing a child which was killed. Some of the coffins were borne on common carters sleighs, the mourners following on foot, according to the Russian custom. It was noticeable that many cases the usual priest and ikon were missing.

The Volkloff cemetery beyond the Narva gates, 167 bodies were lowered to their last resting places.

The lack of money and food is already operating against a continuance of a strike. Weeping women are returning to the cigarette factories pleading to be allowed to resume work, but the managers are afraid to reopen in consequence of the threats of the strikers to sack their establishments.

A notice was posted today at all the works giving the strikers 24 hours to resume their employes and intimating that those who did not comply would be deported to villages.

The Associated Press has been privately advised that Maxim Gorkey, the author and reformer leader, has been arrested at Riga, whither he had been summoned by the illness of his wife.

Police Patrol Moscow.

Moscow, Jan. 25.—Noon.—The industrial district on the other side of the Moskva river, was patrolled by troops and police all night long, and paraded by bodies of workmen, but no disturbances occurred. The strikers at a meeting today decided not to appear in court for the present. Owing to the disturbed conditions, the celebration today of the 150th anniversary of the founding of the university here, the first established in Russia, was confined to a religious service in the university chapel. The city is quiet this morning.

Czarevitch Seriously Ill.

New York, Jan. 26.—The infant czarevitch is seriously ill of pneumonia at the Tsarskoe-Selo, according to an American dispatch from St. Petersburg. The heir to the Russian throne is said to have been taken ill at the winter palace last week, and the removal to the Tsarskoe-Selo palace caused complications. Nurses are said to have been summoned from London.

Panic at Kishineff.

Kishineff, Russia, Jan. 26.—A seditious demonstration during the performance led to a panic in a theater here last night. A crisis in the hostility toward the government was raised in the crowded auditorium by incendiary proclamations which were showered from the gallery. The audience became panic stricken and considerable time elapsed before order was restored. Twenty arrests were made, including four Jewish soldiers.

THE COLD WAVE WAS NOT SEVERE

While Vegetables Were Damaged Great Many Saved.

PROTECTED CROPS ARE SAFE

It is the General Belief of Growers That All Crops Under Cover Were Spared—Oranges Frozen, but Trees Will Recover.

As predicted by the United States weather bureau Wednesday, the cold snap came on schedule time, and has been with us ever since. As a result there are a great many truckers and others with saddened faces, and this section is several thousand dollars to the bad.

The government report, however, was not quite correct, as it reported that the thermometer would drop to fifteen degrees. The calculation was correct enough, as the government register here was sixteen and a half, which was sufficient to cause a great deal of damage to the trucking interests.

Reports from Micanopy, McIntosh, Citra, Oaklawn, Boardman and other places state that the mercury went down sufficiently to kill all tender unprotected crops. The oranges are frozen, but the trees are unhurt, and experienced growers state that none but the oung trees will shed their leaves. The covered crops, it is believed, will escape.

The lettuce acreage in the Gainesville section was very heavy. It is believed that the young unprotected crop is lost, but the older crop, which is being cut, is thought to be safe.

Many of the truckers have set their cabbage, and this crop as a rule must be replanted. Other tender vegetables which had not reached maturity will also be lost, but the damage was not as severe as would have been supposed, with the mercury dancing around the zero point.

AMUSEMENTS.

Park's Theatre Company in Gainesville for One Week.

Chas. Holton, business manager for C. W. Park's Big Stock Company, was in the city Thursday, making arrangements for the appearance of this popular organization in this city on Monday, January 30, for one solid week of amusements. The company appears under a waterproof canvas and is claimed to be one of the largest dramatic and vaudeville organizations, presenting dramas and comedies just as you see them in the metropolitan theatres.

They have a complete opera house under canvas, magnificent scenery and everything lighted by electricity. The repertoire of the company is made up of the latest popular productions, the opening piece being "The Fatal Wedding." First-class vaudeville stunts will be presented between acts, also moving pictures and illustrated songs. Sam Park, boy song and dance artist; Florence Lane, comedienne; Fred Miller, the different comedian, and Little May, the small girl with the big voice, will all be seen in specialties.

See other announcements for prices and further particulars.

AMUSEMENT NOTES.

"Si Plunkard," billed at the opera house for February 11, has the best band and orchestra on the road.

"Farmer Hopkins" is one of those pleasant pastoral pieces that win the hearts of all theatre-goers. A pretty play.

During the week of Park Stock Company engagement Denman Thompson's famous rural drama of "The Old Homestead" will be presented. It will always be a popular favorite.

PUSHING WORK ON RAILROAD.

Hundreds of Carloads of Steel Rails Ready To Be Laid.

Jackson, Miss., Jan. 26.—Work on the New Mobile, Jackson and Kansas City road from Newton northward to Pontotoc is being pushed with astonishing rapidity and the contractors are endeavoring to finish several weeks ahead of the time specified in their contracts.

Rail laying has been completed to Houston and the contractors now have over 100 car loads of steel rails sidetracked at that point for the rail laying northward. At the present rate of progress rails should be running through from Mobile, Ala., to Middleton, Tenn., by the 1st of April, and such will be the case unless bad weather interferes with the work.

GROWING UP

There's something the matter with the child that fails to grow up. A child that grows up too much, however, without proper filling out of flesh, is almost as badly off. Nothing will help these pale, thin "weedy" children like Scott's Emulsion. It supplies the rounding out of flesh and the rich inward nourishment of blood and vital organs which insures rapid growth a healthy and uniform development.

DEATH OF MR. BARROW.

Well Known Citizen of Levyville Passed Away Monday Morning.

The following from the current number of The Levy Times-Democrat will prove of interest to readers of The Sun since the deceased was well known throughout this section:

"Napoleon B. Barrow died at his home near Levyville on the 16th inst., after a wasting illness from typhoid fever. He had long been a resident of his section and was highly esteemed by his neighbors.

"Deceased leaves five children, three sons and two daughters, the youngest an infant of nine months; now doubly orphaned, the shocking death of their mother nearly five months before being too vivid to need recalling. The children and other relatives have the sympathy of the community.

"A casket was ordered from C. W. Bauknight of Archer, and on Tuesday the body of Mr. Barrow was laid in the grave by the side of his dear wife, there to await the resurrection morn."

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

NEWS TERSELY TOLD.

Each house of the Wisconsin legislature today voted separately for United States senator, Governor LaFollette being named.

Fourteen wounded Russian officers have arrived at Cannes, France. They were met at the station by Grand Duke Michael Mikhalovitch.

Rafael Merry del Val, father of the present secretary of state of the Holy See, is dead at his home in Rome, according to a dispatch from that city.

The steamer Friesland arrived at Philadelphia today from Liverpool and among her passengers were 550 Russians. Most of them came from the south of Russia.

Fire broke out in the building on Elm street, owned by the Douglass Jackson Loan and Trust company at Dallas, Tex., and the loss is estimated at $75,000. The loss is fully covered by insurance.

Prince Ceschi, grand master of the Knights of Malta, is dead; according to a dispatch from Rome. He was elected lieutenant of the grand master of the Order of the Knights of Malta in 1872, and became grand master in 1879.

The official speed trial of the new cruiser Maryland, which was to have been held over the trial course off Thatchers island today, was postponed on account of the blizzard which was raging there today, it has not yet been definitely decided when the trial will take place.

Colonel Duke Goodman, adjutant general and chief of staff of K. M. Vansant, major general of the Texas division at Fort Worth, Tex., of the United Confederate Veterans, died of heart disease this morning, aged 62 years. Colonel Goodman was one of the most prominent veterans in Texas.

HUNTED BY AN ELEPHANT.

A Thrilling Experience That Almost Ended In Death.

A South African newspaper has a thrilling account of two Englishmen who went out to hunt elephants. They were Captain Medlicott and a Mr. Ballard. Accompanied by several natives, they confronted a huge elephant. "The tusker trumpeted 'charge,' and as the rifles rang out—there was only his big chest to aim at, for he had raised aloft his trunk—he came full speed across the clearing, a red mouthed, glaring tusked, screaming, active mammoth. Ballard made a rapid flank movement to the right. His objective was a thorn tree. He and the elephant arrived there together. Down came the tree in front of the elephant. Ballard's gun was flung into the middle of the clearing, and boughs and thorns pinned the hunter to the ground. The elephant swerved like a skater doing the outside edge. Umhlope, the chief native hunter, did not wait. With a yell to Captain Medlicott of 'Run, boss,' he made a frantic leap for a fig tree. Then the elephant charged Captain Medlicott, who saw three feet in front of him a hole in the ground. He didn't wait to investigate, but dived feet first down the hole. His gun, which he had held aloft, crossed the hole and remained outside, almost dislocating his arm with the jerk.

"He had landed in one of the old mealie pits of a disused kraal, circular excavations about five feet high and eight feet in diameter in which natives empty their grain. Thinking of Ballard, the captain crept quietly up to the hole and listened. There was no sound. He raised himself cautiously and pushed his head through the orifice. The sight that met him froze his blood. The elephant stood right over him, both wicked eyes on the watch, and as he ducked his head a long, nervous, sinuous trunk followed him into the pit, seeking to drag him from the hole like a trout from the stream. He began dodging the trunk—under it, pass it, behind it, round the edge of the pit, into the center, now crushed against the walls and missing it by a hair, round and round and round to the point of exhaustion. Umhlope, the native tracker, from his point of vantage in the tree saw the elephant drag forth in triumph every article of clothing the luckless captain had worn. The tusker waved them in the air and then stamped on them.

"About this time the native heard a groan from Ballard, pinioned under the thorn tree. Perceiving that if one of the white men should survive he, Umhlope, would be called to account for his inactivity, he slid quietly down from his tree and, unseen by the elephant, set off to the nearest kraal for assistance. When help arrived some time later, the tusker was gone. Ballard was rescued from the bush, where he lay seriously injured, and the next move was toward the mealie pit. Calls to come out brought no response. Then two warriors descended and soon a human shape, with nothing European about it but the boots, was passed to the surface. The captain was caked from head to ankle with red clay and perspiration. The two Europeans were hoisted on to improvised stretchers of wattle and carried home. One was exhausted after his three hours' scrimmage and the other was not quite sure which bone in his body was the most completely smashed."

Imperfect Indigestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

Bolivian Runners.

"Every one who has read the histories of the Incas," writes an Englishman, "has marveled at the tales of the native runners who were a feature in the civilization of that period. Some of this race of men still remain. When in Bolivia I have often had a telegram delivered at the station, forty miles away, and an answer received and brought back by the same man, all, including the journey of eighty miles, not occupying more than eighteen hours. The man was well content to receive two Bolivian dollars, or 75 cents in American money, for the service. I saw a man who delivered a message 200 miles away and brought an answer back, covering within six days and nights 400 miles. As he did this work for a native, his charge was five Bolivian dollars, about $1.87 American, out of which he provided his own food."

A cough medicine over sixty years old

This must mean merit, solid, genuine merit. It certainly must be true that Ayer's Cherry Pectoral cures coughs, colds, croup, bronchitis, asthma. Ask your own doctor to explain why it strengthens weak throats and heals inflamed lungs. J. C. Ayer Co., Lowell, Mass.

Indications Point to a Very Large Attendance.

SPEAKERS WILL BE INTERESTING

All Will be Entertained by the Hospitable People of Gainesville--Some Have Already Arrived—Dr. Strouse Will be Here Today.

The determination of all interested to make the second Bible Conference, Christian Workers' Institute and the Great Florida Chautauqua better than the first, has caused the promoters to put forth a more united effort, if such action can be possible, and the success attending their work is apparent. The attendance will surely be large, and those who come will be amply rewarded for the time spent.

The object of the Conference is to increase the depth of spiritual life and emphasizing of the ministry, together with systematic study of God's Word, so that laymen as well as ministers may be assisted in their efforts to aid in the work of evangelization.

In the hands of Dr. Clarence B. Strouse this work has led to a calling together of many of the ablest workers in this country—speakers of international reputation as well, and among them are such eminent men as Dr. J. Wilbur Chapman, the able New York divine of the Presbyterian church; Dr. Len G. Broughton of Atlanta, Baptist; Dr. D. V. Gwilym of New York, Episcopalian; Dr. W. S. Blackstone of Chicago, Methodist; Prof. J. R. C. Brown of Virginia, Presbyterian; Dr. E. I. D. Pepper of Philadelphia and Rev. Geo. R. Stuart of Tennessee, both Mothodists, and Rev. A. C. Dixon, of Boston, Baptist. All, except Dr. Chapman and Rev. Stuart, were here last year, and those who heard them are unbounded in the praise of their able efforts.

The Bible Conference will be in session from February 5 to 20, and be under the immediate direction of Dr. Strouse, than whom none better can be selected. His magnetic influence has worked wonders wherever he has appeared.

The Christian Workers' Institute will be opened February 20, and close March 5. It will be under the direction of Prof. J. R. C. Brown of Virginia.

The Great Florida Chautauqua which gained an enviable reputation last year, will be under the direction of Dr. W. L. Davidson of Washington, the dates being March 5 to 21. The special features of the Chautauqua will be of interest to all.

Tourist rates on the railroads are of interest to all, affording an opportunity to come here and build up the physical as well as intellectual strength, the main object being an uplifting of all along the line of spirituality.

Letters of inquiry addressed to Ferdinand Bayer, Secretary, Gainesville, Fla., will receive prompt attention.

SATURDAY WILL POSITIVELY BE DR. GOLDSTEIN'S LAST DAY IN GAINESVILLE.

IS HERE AND WILL REMAIN UNTIL THE 28TH—EXAMINATION AND CONSULTATION FREE.

Dr. G. Goldstein of Louisville, who is well known by the people of Gainesville and vicinity, has arrived in the city and will be located at the Brown House Parlors the balance of the present week. He will fit glasses to the eyes of those who need them.

He has made the study of optics a specialty, and anyone in need of glasses cannot do better than give him a call. Parents of children whose eyes are in any way affected should take them to Dr. Goldstein and have them examined. Too much care cannot be taken in this particular, as any neglect on the part of the parents may lead to most serious consequences in after-life. If the eyes of the child need glasses the Doctor can determine it and adjust such glasses as will be the most apt to preserve and increase their strength. The Doctor has been giving satisfaction for many years, and we can recommend him as worthy the patronage of the public. Those suffering with their eyes should call on him, and if he doesn't give relief it will not cost them anything. He can adjust to any eyes and any age. A good glass rightly adjusted is a luxury to a person with failing sight; they can ill afford to do without. A glass imperfectly adjusted is worse than no glass.

A HEALTHY OLD AGE

OFTEN THE BEST PART OF LIFE

Help for Women Passing Through Change of Life

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Nervous exhaustion invites disease. This statement is the positive truth.

When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary L. Koehne, 371 Garfield Avenue, Chicago, Ill., writes:

"I have used Lydia E. Pinkham's Vegetable Compound for years in my family and it never disappoints; so when I felt that I was nearing the change of life I commenced treatment with it. I took in all about six bottles and it did me a great deal of good. It stopped my dizzy spells, pains in my back and the headaches with which I had suffered for months before taking the Compound. I feel that if it had not been for this great medicine for women that I should not have been alive to-day. It is splendid for women, old or young, and will surely cure all female disorders."

Mrs. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

Twentieth Century Club.

The Twentieth Century Club met at the home of Mrs. J. T. Percival Monday afternoon with sixteen members present, and proved a very interesting meeting.

Several communications were received and acted upon, one from the chairman of the State Federation of Woman's Clubs requesting that delegates be sent to the annual convention at Miami.

Another very complimentary communication was the appointment of a special committee from our Gainesville club, by the National Federation of Woman's Clubs, to meet with them in regular session at their next Biennial Conclave.

The business of the club being disposed of, part of which was the admission of three new members, the literary program was then taken up.

The roll call was answered to by quotations from Goethe and Schiller, a very interesting paper was read by Mrs. B. P. Richards, and an interesting article on the subject of "Weimer, the Athens of Germany," was read by Mrs. G. K. Broome, after which the round table was taken up and as much trouble was experienced in the pronunciation of German words. It was decided to appoint a critic to overcome this difficulty.

The feasibility of getting up a musicale for the benefit of our library (which we hope some day to make public) was discussed and after the rendering of some lovely music by Mrs. Percival the club adjourned.

The next fortnightly meeting is to be held at the home of Mrs. F. H. Craighill.

CORRESPONDENT.

Kills His Sweetheart.

Atalla, Ala., Jan. 26.—Frank Allen killed his sweetheart here last night. He had asked her to marry him and when she rejected him he shot and instantly killed the girl. He is at Gadsden and laughs over the tragedy.

Spoiled Her Beauty

Harriet Howard of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

Governor Acts as Sheriff.

Jackson, Miss., Jan. 26.—While Governor Vardaman was returning home on a Yazoo and Mississippi Valley train he arrested Jim Hannah, a negro, charged with killing two men in Holmes county. The governor learned that Hannah was on the train, and borrowing a pistol from the conductor, went to the forward coach and compelled the negro to surrender. He then turned him over to the sheriff at Yazoo City. The accused has been identified as the man wanted.

Two Monster Petitions Filed.

Raleigh, N. C., Jan. 26.—Two monster petitions have been presented to the legislature by the merchants of North Carolina. One petition has 5,000 signatures and asks for the enactment of a law for garnishment. The other petition has 7,000 signatures of merchants and asks the repeal of what is known as the merchants' purchase tax, this being a tax which is levied upon the amount of purchases.

The Psychology of Vanity.

A French scientist, M. Camille Melinard, discusses in La Revue (Paris) the psychological aspects of vanity, which, he declares, is the desire for praise become all powerful. Vanity in the beginning, he declares, is more a caprice than a vice, but vices may arise out of it. He discusses vanity of dress, of manners and of intellect. To prevent the development of vanity, he says, we should begin very early with the child. In fact, it is we who make the child vain by the misuse of praise, comparisons with companions, too much admiration; also by raillery, which may cause the child much suffering and teach him to fear criticism. There is too much appeal to amour propre, and there are too many competitions and prizes which may stimulate energy, but require very prudent use. It would be better to compare the scholar with himself. To work to be the first need not be bad, but to work for the joy of working and learning is much better and less exciting. Finally, let us remember that the advantages we boast of have little value in themselves; all depends on the use we make of them. The only quality of which we can never be vain is justice.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

HIS APOSTOLIC MAJESTY.

Title of the Emperor of Austria as King of Hungary.

The title of "apostolic majesty" is borne by the emperor of Austria as king of Hungary.

Hungary was ruled by dukes from its conquest by the Magyars to the year 1000, the regal title being assumed first by Valk, whose education had been intrusted by his father, Geyza, who had married a Christian princess, to Adalbert, bishop of Prague. On succeeding his father Valk embraced and established Christianity, applied for and received from Pope Sylvester II. the title of "apostolic king," was crowned as Stephen I. and afterward known as St. Stephen.

The title was renewed by Clement XIII. in 1758 and, though abolished in 1848, was reassumed as "apostolic majesty" in 1851 and restricted in 1868 to the Austrian emperor in his character as king of Hungary. The privilege of being preceded by a cross bearer was granted with the original title.—London Standard.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists, 25c, guaranteed.

PRESSING CLUB

117 West Union Street.

ALTERING, REPAIRING, DYEING, CLEANING AND PRESSING

For Ladies, Gentlemen and Children

ALL WORK GUARANTEED.

You receive prompt and good attention from people who know their business. Your monthly membership or piece work solicited. One trial makes you a regular customer.

Irritation

of the throat, sore and swollen tonsils, loss of voice, and other throat troubles should never be neglected. These ailments quickly work down to the lungs, and often end in consumption or pneumonia.

HAMLINS WIZARD OIL

used as a gargle, and externally on the throat, is a marvelous remedy for these painful and dangerous disorders, and effects relief and cure after everything else has failed.

Says Henry Wade, of Harlin, Mo.: "I am under obligations to you for the great good which Hamlins Wizard Oil did my wife. She suffered from Throat Trouble for a year, and though she doctored and doctored, nothing did her any good, until she tried Hamlins Wizard Oil." Price 50c and $1.00.

Sold and recommended by

ALL DRUGGISTS.

Origin of Grammar Schools.

"Grammar schools" are schools which were founded to teach grammar at a time when the word had a very different meaning from that which it bears at the present time.

Grammar is the science which investigates the laws of language and the art of using it correctly, and one would naturally imagine that a grammar school must necessarily be a school where the English language is taught, but it is not so.

In the middle ages, when the clergy were the only educated men, Latin was the language in which knowledge was preserved and handed down either orally or in writing, so "grammar came to mean the grammar of the Latin tongue and a 'grammar school' was an endowed school for teaching Latin (and afterward Greek) to poor scholars, to fit them for universities."

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

The longest article in the new section of the Oxford dictionary is on the verb "pass." It takes up sixteen columns.

An imperial decree has been issued forbidding any Russian club to use a pack of cards more than once. Every pack of playing cards in Russia pays a tax.

The oldest judge of a United States court is Justice John Jackson of the Northern District of West Virginia, who was appointed by President Lincoln forty-five years ago and has served continuously since then.

The person who is entirely satisfied—contented—is like the stump of a tree rooted in the ground. All that is good about him has been cut away and he will never get higher than he is now, nor find a better place.

Lent will be late this year, as Ash Wednesday is March 8th, later than usual. Palm Sunday is April 16, and Good Friday is April 21. Easter Sunday, when all the world blossoms forth in lilies and new Easter bonnets, comes April 23.

Soldiers are recompensed thus: English, $7.14 a month; German, $2.50 a month; French, $1.74 a month; Russia and Japanese, about twenty-seven cents a month. No wonder the latter yield up their lives with pleasure and enthusiasm.

The Atchison Globe wants to know why people always laugh at a newly married couple. Perhaps it is because it would be inexcusably rude to scowl at 'em; or perhaps, again, because they are thinking of what the angelic dreamers will think of the goods after the honeymoon gloss has been worn off.

WILL IT BE A NEW GOVERNMENT?

Russia, one of the world powers, is fast making history which is anything else but a credit to her in this the most enlightened period of the world; with her great losses in the Eastern war, taken in connection with the public upheaval at home, it would seem at first glance at the situation that the reign of the autocrat is around, for it is fully realized that with like conditions existing elsewhere, the downfall of this government would naturally follow. However, the conditions in Russia are so different from any other nation that it is more than probable that this powerful nation will for a long time maintain its present status. The reason for this conclusion is manifest from the fact that while the governmental departments, as we are informed, are corrupt from top to bottom, this very condition is the cohesive power that will be the means of giving the government the power by which the uprising of the common people will be suppressed, and not only this, but the opportunity will be afforded the powers that be to inaugurate a more drastic and cruel system of government; and besides this, it is admitted that there is the most complete and well organized system of police and detective forces in the world.

We notice that in many of the leading exchanges the condition of affairs in Russia are said to be similar to those existing in France at the time of the French revolution. Such we do not think is true, for while the French laborers were oppressed and downtrodden they had never been slaves, as is the case with the Russian Serf, who has only at a recent date been liberated from serfdom. And again, while the Russian no longer belongs to the nobleman as a serf, he has been at all times subject to the drastic and oppressive laws of the autocratics, hence it is apparent that the Emperor of Russia is not a man of any force of character, and has totally failed in this crisis to in any way comprehend the trend of the times, but that he is content to enjoy his present prestige as Emperor, and that his people shall be, so far as he is concerned, still oppressed and that he will need the whole power of his army and the vast horde of officials in the suppression of the present uprising. We want no further evidence of his intention than the cruel and uncalled for slaughter of innocent people in the capital of the nation who peaceably and without arms and violence simply asked to be aided in their efforts (in a nutshell) to be allowed to enjoy the benefits of their own labor.

With the existing conditions in Russia there can be no new government.

The assets of the life insurance companies of the United States are now $2,500,000,000, with more than $2,000,000,000 as a reserve to meet future claims. Another billion has been added to the insurance in force of the old-line companies, making it nearly twelve billions. The fraternal insurance organizations will add nearly $7,000,000,000 to this, and the industrials $2,000,000,000 more, making a total of more than $21,000,000,000 of life insurance carried by the United States companies. The premium income of the old-line companies increased $40,000,000 to $435,000,000 and the total income from premiums and investments is now over $600,000,000. During the year the companies paid out nearly $200,000,000 in claims and $75,000,000 more in dividends and cash surrender values.

Gunpowder was first discovered by the Spaniards in 1644.

The first newspaper advertisement appeared in 1652.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

NOTES AND COMMENTS

Lawson, he of Frenzied Finance, is evidently opposed to the "water cure" of stocks.

To take the place of war, automobile races make a very good substitute. Both are no respector of persons.

The fellows who purchased Russian bonds may yet wish they had kept their funds to invest in watered stock on Wall street.

At the Mormon convention assembled in Columbus, O., a proposal was favored by many protesting against our seating Reed Smoot in the Senate.

The vote in Tampa, Tuesday, on the hotel proposition was small, only 548 being cast out of a total registration of 3,000 votes. The bonds may be disapproved on this ground.

At Ormond, on Tuesday, Arthur E. McDonald drove a fifty-horse-power automobile over five miles of the Ormand-Daytona course in three minutes and seventeen seconds, the fastest time on record.

Cockrell was shy seven votes at Jefferson, Mo., Tuesday in the choice of a United States Senator. In Michigan the money would soon be raised to buy the necessary seven, if it was a Republican who needed them.

When the Northern visitor once gets a breath of Florida air he is pretty sure to come again.—St Augustine Record.

But when he looked at the thermometer on Thursday morning he exclaimed, "Home home, why did I leave thee?"

Two hundred thousand Russian Quakers are coming to this country to establish a permanent colony near Los Angeles, Cal.

A Maxim gun fires 600 shots a minute, a Gatlin 1,200.

Cannons were first used in 1346.

HEADACHE

"My father had been a sufferer from sick headache for the last twenty-five years and never found any relief until he began taking your Cascarets. Since he has begun taking Cascarets he has never had the headache. They have entirely cured him. Cascarets do what you recommend them to do. I will give you the privilege of using his name." E.M. Paul Gray, one of the most prominent citizens of Pensacola, committed suicide on Tuesday by shooting himself in the neck with a shot gun. Ill health and business troubles was the cause. He was a prominent member of the Odd Fellows order. He leaves a wife and five children.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

A Wedding Cake.

Among his more important mail Thursday Dr. G. Goldstein, the oculist, who is stopping at the Brown House, received a very fine package of wedding cake, with the compliments of Mr. and Mrs. I. Grab, young friends of Louisville, Ky., who have recently been married. With his usual generosity the Doctor "dished" out the cake by small bits to his friends here, retaining a piece upon which to dream. The Docter is now about to pass his forty-sixth birthday, and since he has never enjoyed the experiences of matrimonial bliss decided that he would place it under his pillow for results. Mr. and Mrs. Grab will probably spend a month of their wedding trip in Florida, and if they comply with Dr. Goldstein's suggestion the most of it will be spent in Gainesville.

PISO'S CURE FOR
CURES WHERE ALL ELSE FAILS
Best Cough Syrup. Tastes Good. Use in time. Sold by druggists.

WHY WE CAN

So Fearlessly Guarantee Vinol.

"It is true," said Mr. Johnson, "we stand ready to refund money paid us for Vinol every time it fails to do what we claim for it, and when we tell you that Vinol actually has a record of succeeding in ninety-eight cases out of every hundred you can see why it is we are so ready to do this.

"There is absolutely nothing that will act as a general rebuilder, strenth restorer and flesh creator for old people, children, weak people and during convalescence equal to Vinol.

"The reason for this is that Vinol contains in a highly concentrated form those important medicinal elements that have always made cod liver oil famous, but it is far superior to cod liver oil and emulsions inasmuch as it contains none of the grease or oil to upset the stomach and retard its work, and it is delicious to the taste."

"Mrs. W. C. Parker of Jackson, Mich., writes: 'I have been sick and all run down for over a year, have taken all kinds of medicines and treated with our best physicians but received no benefit. I was so weak and nervous that I could not sleep or bear the slightest noise. Friends recommended Vinol. I took two bottles of it and cannot recommend it too highly after what it has done for me. My nervousness is gone. I have gained in flesh and strength and sleep well. I wish every woman suffering as I did would try Vinol.'

"What Vinol did for Mrs. Parker it will do for every person in Gainesville who is in her condition. We cheerfully refund your money every time it fails." W. M. Johnson, druggist.

SAILORS MAY BE DEPORTED.

Three Spaniards at Brunswick Are Charged with Desertion.

Brunswick, Ga., Jan. 26.—Jose Roderick, Salvatore Ramo and Jose Bernot, three Spaniards, have been arrested here by Immigration Inspector J. A. McGregor, who has recently been stationed here by the department.

These three men are charged with deserting the bark Margurita and were arrested aboard the American schooner Mary C. Hale.

They will be tried by a board of special inquiry and if found guilty, will be deported. If, however, the evidence is in their favor, they will be allowed to remain and enjoy the same standing as immigrants.

The business of the immigration office in Brunswick is increasing considerably and a number of arrests for the violation of the immigration laws have been made.

CONDEMNED MAN ESCAPES.

Texas Man Under Death Sentence Saws the Bars of Cell.

Dallas, Tex., Jan. 26.—Holly Vann, under sentence of death for the murder of Sol Aronoff escaped from the county jail at an early hour today. Albert Johnson, a federal prisoner, convicted on the charge of raising money, and Will Chamberlain, a prisoner charged with a minor offense, also made their escape.

Vann is one of a few prisoners who was ever been convicted of murder and sentenced to death in Dallas county. He, in company with Burrell Oates, a negro, killed Sol Aronoff, a Hebrew grocer at a lonely place in the outskirts of the city Nov. 29. Vann made his escape by sawing through the bars of his cell.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

No New Trials Granted.

Winchester, Ky., Jan. 26.—Frar-Benton overruled the motions of plaintiff for a new trial in the $100,000 damage suit of Mrs. Marcus vs. the Hargis and Callahan and French so far as the verdict of exonerating Alex Hargis and B. F. French was concerned. He also overruled the motion of defendants for a new trial in behalf of James Hargis and Ed Callahan, against whom a verdict of $8,000 was given. An appeal was granted in each case.

In the Other Pocket.

"I can't quite make your change," said the country storekeeper, painfully recounting the pile of pennies in his hand, "It's a cent out of the way." "Oh, never mind," returned the munificent summer boarder. "But it's my cent," was the moving rejoinder.

Sometimes it does happen to make a difference if we know who owns the cent. The New York Press tells this story of a man who, early on Monday morning, came to the assistant treasurer of a church.

"I attended service yesterday," said he, "and I made a mistake when you took up the collection. I had a penny and a five dollar gold piece in my pocket, I think"—

Here he stopped to take breath, and the other man interrupted him with some impatience. He had heard just that complaint before. Somebody was always hunting a five dollar gold piece.

"I think you are mistaken," said he. "We had no five dollar gold pieces in Sunday's collection."

"That's just what I am trying to get at," said the old gentleman. "You ought to have had one. I meant to put mine in the basket, but I made a mistake and dropped in the penny instead. Here is the gold piece."—Youth's Companion.

Cutting Up a Whale.

When a fish, as the whalers will forever call a whale, is taken, the ship gets alongside, and the creature is fixed head and tail in a curious and ancient fashion, so that by slacking or tightening the ropes each part of the vast body can be brought uppermost. A whole boat may be seen inside the giant mouth, the men hacking with axes to slice away the ten foot screens of bone, while others, with sharp spades, upon the back are cutting off the deep great coat of fat in which kindly nature has wrapped up this most overgrown of her children. In a few hours all is stowed away in the tanks, and a red islet, with white projecting bones, lies alongside and sinks like a stone when the ropes are loosed.

Some years ago a man, still lingering on the back, had the misfortune to have his foot caught between the creature's ribs at the instant when the tackles were undone. Some eons hence those two skeletons, the one hanging by the foot from the other, may grace the museum of a subtropical Greenland or astonish the students of the Spitzbergen Institute of Anatomy.—Exchange.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

Perishable Pearls.

Pearls are perishable. They cannot be considered a first rate investment like diamonds. After a time they decay. Sometimes a fine specimen will lose its luster and beauty within a few months, so that the possessor of such treasures does well to keep them put away in a sealed place. They consist of thin films overlaid one upon another, with more or less animal matter between the layers, and it is no wonder that they deteriorate.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

VERDICT CAUSED HIS COLLAPSE

Young Man Accused of Murdering Miss Page Found Guilty.

Cambridge, Mass., Jan. 26—Guilty of murder in the first degree was the verdict returned tonight against Charles L. Tucker, of Auburndale, who has been on trial since Jan. 1 for stabbing Miss Mabel Page to death in her father's home at Weston on the 31st of last March. Death in the electric chair in the state prison in Charleston is the penalty.

Tucker collapsed utterly when the foreman read the verdict. He was led from the court room across the street to the jail in an exhausted condition, and when once more locked in his cell revived somewhat under stimulants administered by a physician.

CABLE AGAIN IN COMMISSION.

Believed by Experts that the Break Was Caused by a Whale.

Seattle, Wash., Jan. 26.—The break in the cable between this city and Valdez, Alaska, has been put out of commission for three months has been repaired and the work of forwarding messages has been resumed.

The Sitka end of the cable was raised by the battleship Burnside and it was found that a whale was attached.

The animal's jaws were firmly entangled in the wires and rubber insulation, and the condition of its body showed that it had been dead for some time. It is the belief of the cable experts that the damage to the cable was caused by the whale.

Proclamation at Kovno.

Kovno, Russia, Jan. 26.—The governor has issued a proclamation announcing that the general stike at Kovno has been brought about by the threats of a small group of workmen, whose hopes for changes in the factory regulations and an increase of wages cannot, the governor says, be attained by such means. He urges the strikers not to listen to the promptings of the evil disposed, but to resume work, promising to examine the men's demands and so far as possible grant them. At the same time the governor warns the strikers that in the event of disturbances in the streets, he will take vigorous action, using armed force if necessary.

Lumber Men Hold Meeting.

New Orleans, Jan. 26—The fifteenth annual meeting of the Southern Lumber Manufacturers was convened here Tuesday with more than 200 delegates present. The report of President R. A. Long, was read and showed a substantial increase of the power of the association in the regulation of the lumber interests. It was an eloquent defense of the right to curtail lumber supply as a means of maintaining the integrity of the industry. The membership of the association is now 217, representing 191 mills in the south.

Shot Dead by Brother.

Chattanooga, Tenn., Jan. 26.—Fran the 13-year-old daughter of Captain and Mrs. Opie Herriott, was accidentally shot and instantly killed by William, her 15-year-old brother. The tragedy occurred in the back yard of the Herriott home, the little girl, after receiving the fatal wound, falling into her mother's arms, crying: "Mamma, he shot me!" The rifle used by the lad was a Christmas present from his parents.

One Man Killed; Seven Injured.

Charlotte, N. C., Jan. 26.—One man killed, seven seriously hurt and a number of others injured to some extent is the result of a wreck on the Asheboro and Aberdeen railroad at tRoy, N. C., Tuesday. The passengers on board, save two or three, were hurt to some extent. The wreck was caused by spreading of tht rails on a curve. Two cars went down an embankment ten feet and were demolished.

Fire at Bryan's Home Town.

Lincoln, Neb., Jan. 26.—The fire which started at midnight in the furniture block burned fiercely for several hours. When it had been brought under control the furniture block and Halter building with their contents had been entirely destroyed and considerable damage done to adjoining buildings. The loss is estimated at $130,000 probably; well insured.

Fatal Powder Explosion.

Nashville, Tenn., Jan. 26.—A Madisonville, Ky., dispatch says: As a result of a powder explosion at Victoria coal mine today one man is dead and two others badly injured. The dead: Ike Gibson. The injured: Alexander Nisbett, Richard Bates. The explosion was caused by Bates dropping a mine lamp into an open keg of powder. The mine was considerably damaged.

KALOLA CO., SAVANNAH, GA.

A Story of Napoleon.

Napoleon invariably refused to remove his hat when he received kings and sovereign princes under the rank of emperor. He uncovered his head only in the presence of the emperors of Russia and of Austria. One day Napoleon received the king of Bavaria and of Saxony at St. Cloud. As the two kings removed their hats the emperor acknowledged their salutations by merely touching the brim of his cocked hat with his forefinger. He then drove with the two kings to Malmaison and, getting out of his carriage, casually remarked: "I am going to see the empress. Would you mind waiting for me?" The royal pair seemed to have been forgotten, for they sat in silent expectation for nearly an hour. Finally they noticed some of the imperial footmen playing cards. The king of Bavaria then laughingly remarked to the king of Saxony: "What a pity we haven't got a pack of cards. Since he treats us in this way we might at least follow the servants' example and pass the time playing picquet."—New York Tribune.

Laugh.

Learn to laugh. A good laugh is better than medicine. Learn how to tell a story. A well told story is as welcome as a sunbeam in a sickroom. Learn to keep your own troubles to yourself. The world is too busy to care for your ills and sorrows. Learn to stop croaking. If you cannot see any good in the world keep the bad to yourself. Learn to hide your pains and aches under a pleasant smile. No one cares to hear whether you have the earache, headache or rheumatism. Don't cry. Tears do well enough in novels, but they are out of place in real life. Learn to meet your friends with a smile. The good humored man or woman is always welcome, but the dyspeptic or hypochondriac is not wanted anywhere and is a nuisance as well.

Fate of the Three Men.

There were once three men who gave a great deal of thought to the problem of what to do the first of the year.

The first man announced that he had sworn off all his bad habits. Everybody said he always was a wild character, and it would be well to keep closer watch than ever on him, as now there was no telling when he would cut loose worse than ever.

The second man, seeking to profit by the experience of the first, declared that he had not sworn off because he had no bad habits to discard. The result was that everybody pronounced him a hardened wretch, who was insensible and indifferent to the duties of life.

The third man studied their cases and concluded that the best thing he could do would be to say nothing whatever. Whereupon everybody asserted that he was too calloused to reform and was not worthy of any respect at all.

This simply goes to show that, no matter how you guess, you will guess wrong.—Judge.

ALACHUA COUNTY....

Alachua county is 806,400 acres in area, has 248 miles railroad, 900 miles wagon road, 56 postoffices, 123 public schools, 27 phosphate plants, 20 saw mills, $75,000 court house, five newspapers, and produces corn, cotton, rice, sugar, oats, rye, potatoes, pineapples, oranges, peaches, pears, plums, pecans, and all kinds of vegetables.

Gainesville, the County Seat...

Has fourteen churches, two public schools, the East Florida Seminary, private schools, three newspapers, United States land office, the best water, fire alarm system, electric and gas lights, two ice factories, machine shops, three wood factories, cotton gin, two moss factories, three railroads, two fertilizer manufacturing companies, one fiber manufactory, one rectifying turpentine plant, two banks, and well stocked stores embracing everything in the commercial line.

BALANCING RESULTS

THE LAW OF CONSEQUENCES AND THE PROBLEMS OF LIFE.

Good or Evil In Things Is Discovered by Observations of Consequences. Morals Are Determined by the Consequences of Human Actions.

A reaction is the consequence of an action; an effect is the consequence of a cause; a result is the consequence of an antecedent. It is evident that the words reaction, effect, result and consequence express different manifestations of one law, usually called the law of causation, though it would be, I believe, more correctly named the law of consequences.

We shall understand more clearly the interactions in human affairs when we recognize that the meaning of the words reaction, effect and result is included in the word consequence. We may doubt the importance of reaction in our affairs, but we shall not doubt the importance of consequences.

We are compelled to give consideration to consequences in the most trivial affairs. One has consequences in view when he strikes a match, sets a pot to boil, plants a seed, pulls a weed, sharpens a pencil, mends a fence. Shall I take an umbrella? I balance the danger of rain against the annoyance of the umbrella and decide accordingly. Shall I change my coat? Take another cup of coffee? Walk or ride? Each question will be decided in accordance with my estimate of the balance of results. In considering possible advantages or disadvantages, gains or losses, we are balancing consequences, endeavoring to anticipate and weigh the results of our actions.

Regret is usually a reminder of a neglect or misjudgment of consequences, while repentance and reformation indicate a waking up concerning consequences. Our interest, curiosity, anxieties, fears, hopes and ambitions are concentrated upon consequences. We seek advice when we are doubtful about consequences. Precepts and examples elucidate consequences. We work and rest, eat and drink, scheme and plan, spend and save, for consequences.

The lesson of consequences which the individual often learns slowly and imperfectly the sound business organizations acquire quickly and enforce by discipline. The salesmen in a successful store are characterized by tidiness, promptness and a desire to please; the employees of the important railroads are not even permitted to answer insult with insult. The industry that is intelligently managed will avoid misrepresentation and deception, knowing that a reputation for truth and fairness is vital to continuous success. The shrewdest maxims of trade are built upon the observation of consequences.

[illegible] mind is the strongest which has the [illegible]rest judgment of consequences. The fools are those who know little about consequences. The child must be guarded because it is ignorant of consequences. What we know of narcotics, stimulants, antidotes, hygiene, surgery, chemistry, agriculture, mechanics, commerce, culture, we know through the observation of consequences. The best razor, plow, sanitary system, plan of social betterment, is that which produces the best results. Knowledge, learning and experience deal wholly with cause and consequence. The science of astronomy seeks to comprehend the heavenly bodies and their influences upon each other. The science of chemistry explains the consequences of chemical action. The science of political economy aims to distinguish and mark the good and evil results of different systems of land tenure, taxation, trade and finance. The science of government would determine what political system is best for a people. The science of war seeks to know what arms, equipments, forces and maneuvers will inflict the greatest injury upon the enemy with a minimum of expenditure. The science of language deals with the utility of words, pronunciation and forms of expression. And so on through the whole of human experience knowledge seeks to distinguish that which has the best results from that which has inferior or evil results.

Our ideas of right and wrong are due to the nature of the responses to human actions. How do we know that truth is better than falsehood? Because we are better pleased with ourselves when we speak truthfully than when we lie; because truth is essential to understanding; because we despise lying in others; because lying leads to confusion, uncertainty, chaos, enmity and to other evil consequences. And so also we have formed a judgment of loyalty and treachery, cruelty and kindness, virtue and vice, by their consequences.

Our laws, customs and commandments would not prove to us that truth is better than lying if our own experience did not confirm it. The Decalogue is effective only so far as nature corroborates it.

Our common conceptions of morality are the results of the observation of human actions and their consequences—of cause and effect, of action and reaction. We know that certain actions are right and others wrong, as we know that bread is good and straw bad for food; that light clothing is more useful in summer than in winter; that cleanliness is better than filthiness; that the way to walk is forward, not backward; that mirth is pleasanter than grief.

As the value of a machine or implement is shown in its working and the value of a tree by its fruit, so the merit or demerit of food, drink, medicine, acts and thoughts is determined by their results, reactions or effects—by their consequences.—From "Balance: The Fundamental Verity," by Orlando J. Smith.

NOTICE.

United States Land Office,
Gainesville, Fla., Dec. 29, 1904.

To Whom It May Concern:

Notice is hereby given that the State of Florida has filed in this office the following lists of lands selected by the State for School Indemnity under the Act of Congress dated February 28, 1891.

The following tracts, embraced in said lists, are in townships containing mineral claims of record, viz:

List 109, filed August 14, 1902, for E½ Nw¼, Nw¼ Nw¼ & Ne¼ Sw¼ Sec. 20, Tp. 11 S., R. 17 E.

List 112, filed Sept. 25, 1902, for Se¼ Se¼ Sec. 18, Tp. 11 S., R. 17 E.

List 117, filed Jan. 9, 1903, for Ne¼ Ne¼ Sec. 28, Tp. 12 S., R. 17 E.

List 121, filed Oct. 5, 1903, for N½ Nw¼ & Se¼ Nw¼ Sec. 22, Tp. 11 S., R. 17 E.

A copy of said lists, so far as relating to these tracts, by descriptive subdivisions, has been conspicuously posted in this office for inspection by any person interested and the public generally.

Within the next sixty days following the date of this notice, under the departmental regulations of Nov. 27, 1896, (23 L. D., 459) protests or contests against the claim of the State to any of the tracts or subdivisions herein described, on the ground that the same are more valuable for mineral than agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C.

Failure to protest or contest the claim of the State to said land within the time specified will be considered sufficient evidence of its non-mineral character, and the selection being otherwise free from objection will be recommended for approval.

W. G. ROBINSON, Register.
HENRY S. CHUBB, Receiver.

Notice of Application for Charter, Etc.

Notice is hereby given that on the 31st day of January, A. D 1905, the undersigned will apply to His Excellency, the Governor of the State of Florida, for a charter of the corporation proposed below, in accordance with the Statutes in such cases made and provided.

This 20th day of December, A. D. 1904.

CHARLES W. MORSE.
JEREMIAH CASHMAN.
JOHN CASHMAN.
GEO. I. DOIG.

ARTICLES OF INCORPORATION OF GAINESVILLE GAS & ELECTRIC POWER COMPANY.

Article I.—The name of this corporation shall be Gainesville Gas & Electric Power Company. The place of business: Gainesville, Florida.

Article II.—The general nature of the business to be transacted by said corporation shall be the manufacture and the sale of gas, fixtures and appliances; the generating and selling of electric current for lighting and power purposes; also the sale of electric fixtures and appliances, and the manufacture and sale of ice.

Article III.—The amount of the capital stock of this corporation shall be One Hundred Thousand Dollars ($100,000), divided into One Thousand (1,000) shares, of the par value of One Hundred Dollars ($100) per share, payable in cash or property, as the stockholders may provide.

Article IV.—This corporation shall exist for the term of ninety-nine (99) years.

Article V.—The business of this corporation shall be conducted by a president, a vice-president, a secretary and treasurer, and a board of directors of not less than four (4) members. The board of directors may be increased by vote of the stockholders.

The first election of officers shall be held on the 25th day of March, A. D. 1905.

The names of the officers who are to conduct the business until those elected at the first election shall be qualified, shall be Charles W. Morse of Haverhill, Massachusetts, President; George I. Doig of Gainesville, Florida, Vice-President, and John Cashman of Haverhill, Massachusetts, Secretary and Treasurer.

Article VI.—The highest amount of indebtedness or liability to which this corporation can at any time subject itself shall be One Hundred Thousand Dollars ($100,000).

Article VII.—The names and residences of the subscribers are:

Charles W. Morse of Haverhill, Mass., 450 shares.
Geo. I. Doig of Gainesville, Fla., 50 shares.
Jeremiah Cashman of Haverhill, Mass., 50 shares.
John Cashman of Haverhill, Mass., 450 shares.

STATE OF MASSACHUSETTS, County of Essex.

Personally came before me Charles W. Morse, Jeremiah Cashman and John Cashman, the incorporators above named, each of whom being to me well known, and each acknowledged his signature to the above and foregoing charter, for the uses and purposes therein set forth and contained.

Taken and acknowledged before me on this 21st day of December, A. D. 1904.

[Seal] JOHN J. RYAN, Notary Public.

STATE OF FLORIDA, Alachua County.

Personally came before me George I. Doig, one of the above named incorporators, being to me well known, and acknowledged his signature to the above and foregoing charter, for the uses and purposes therein set forth and contained.

Taken and acknowledged before me on this 23th day of December, A. D. 1904.

J. W. CANNON, Notary Public State of Florida.

My commission expires October 15th, 1906.

NEWS OF CITY AND COUNTY CONDENSED

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

Insure with Cushman & Hill.

Ladies' calling cards in latest styles at Sun office.

Ferd Bayer made a brief visit to Rochelle yesterday.

Simonson's Wonderful Salve for sale by J. W. McCollum & Co.

Cane seed—25,000 for sale. J. N. Bone, Gainesville, Fla. 2w-daw

Mrs. D. B. Morrisson of Morriston was stopping in the city yerterday.

Friends of Mrs. J. A. Goodwin will regret to learn that she is indisposed.

Christopher Matheson has returned from a brief professional visit to Starke.

For Sale—Pair canary birds in breeding cage. Apply at 805 S. University street. dtf

For Sale—Drug store and practice established eighteen years. Address Sun office. 9t

L. C Ellis has returned from High Springs and other points, where he has been on business.

D. D. Powell of the Gainesville Furniture Company has returned from a brief business trip to Cedar Key.

Miss Bradley has returned from Tallahassee, where she has been on a visit to her friend, Miss Eva Taylor.

Wanted—To rent a good upright piano for several months. Address, with terms, P. O. Box N., Gainesville, Fla.

B. J. Potter, superintendent of the Central Phosphate Company with headquarters at Tioga, was in the city yesterday.

E. A. Carlisle of Anderson, S. C., a brother of Judge J. A. Carlise, after spending a day or two here, departed for his home yesterday.

J. B. Padgett, the naval stores operator who is interested at several points throughout the State, went yesterday to Hague to look after his business.

J. E. Futch of Alachua, president of the J. E. Futch Company, one of the largest general stores in the county, was visiting his family in this city yesterday.

Mrs. Eugenia J. Langford of Grady was among the visitors to this city yesterday, having come for the purpose of making final proof of a homestead in the United States land office.

Edward F. Potts of Washington, D. C., representing the Southern Printers' Supply Company, a branch of Barnhart Bros. & Spindler, was among the visitors to this city yesterday. Mr. Potts made The Sun an agreeable call, which was appreciated.

W. W. Clyatt of Ocala, manager of the Marion County Abstract Company, was in the city for a few hours Wednesday, the guest of his brother, L. J. Clyatt. He was en route home from Levyville, where he is interested in a stock farm with his brothers.

Julius Solomon of Tallahassee, one of the cleverest fellows who ever "struck" Gainesville, was at the Brown House yesterday. Mr. Solomon represents Stern, Shohl & Co., manufacturers of the famous Bell clothing, and enjoys a fine trade throughout the State.

T. J. McRae of Hawthorn, one of the best known and most prominent citizens in this county, was among the visitors to Gainesville yesterday. Mr. McRae is a broker in furniture and office supplies, and is enjoying a fine business. He has just returned from points in West Florida.

H. Herzog, Sr., who went to White Springs Tuesday to spend a few days, has returned to this city. Mr. Herzog stated that he was much impressed with the Springs and the Hamilton Hotel, but the shooting was not as good as he expected to find, and, being an enthusiastic sportsman, decided to return to the meadows and fields of old Alachua.

Through the courtesy of the management of the Charleston Hotel, Charleston, S. C., The Sun is in receipt of a quantity of the fine blotters which will "come in" handy. The blotter is a handsome advertisement of that popular hostelry, containing a picture of the hotel, with descriptive matter. There is no doubt but that it will prove a winning card, since the design is quite attractive.

Insure with Cushman & Hill.

Wade Thomas, a progressive farmer of the Monteocha section, was among those who came to this city trading yesterday.

John Crown of Rocky Point, one of the most progressive truckers of the county, was among those who visited the city yesterday.

S. C. Dell of Alachua, member of the firm of Dell, Jordon & Co., and one of the cleverest young fellows in the county, was a business visitor to this city Wednesday.

Mrs. B. T. Arnow is spending a few days with her parents, Mr. and Mrs. H. C. Cato, at High Springs. Friends of Mr. Cato will regret to learn that he is in very poor health, and is confined to his bed. It is hoped that he will soon recover.

The Robert Burns Society of Jacksonville celebrated the 146th anniversary of the noted Scotch poet Wednesday evening. Among the names of participants we notice that of Mr. J. O LaFontisee, formerly of this city. Picture John with his moustache waxed a la Francais and dancing the "highland fling" to the music of the melodious bagpipe.

Mr. and Mrs. J. C. Rhodes have arrived in the city, and will make this their home for the present. Mr. Rhodes has been in Louisville, Ky., where he has been with the firm of R. M. Hughes & Co., manufacturers of cider and vinegar. He is president of the firm, which is one of the largest of its kind in the South His wife has been spending some time with her sister, Mrs. Kaufmann, in Savannah.

W. Oscar Morris, a young man well known in this city who has been in the employ of Phifer Bros., New York Racket, for several years, has resigned his position to accept an agency with the New York Life Insurance Company. Mr. Morris' headquarters will be in Nashville, Tenn. He is a clever fellow, and indications are that he will enjoy a fine business. His friends here wish him much success.

D. F. Graham of Piedmont, W. Va., a brother of James M. Graham, is in the city greeting old friends for a few days. Mr. Graham was for many years a resident of this city, having been at one time cashier of the First National Bank. He is a gentleman of genial nature, and is destined to make friends wherever he goes. Mr. Graham is a personal friend of Hon. H. G. Davis, candidate for vice-president of the United States, and has been engaged in business with him.

Jesse Clark, traveling salesman for the H. W. Roundtree Trunk and Bag Company of Richmond, Va., yesterday received telegraphic information of the death of his father, which occurred suddenly at Lawrenceville, Va., Wednesday. The telegram announced that Mr. Clark dropped dead in the railroad station, just as he was preparing for a trip. This information was a great shock to the son, and his friends here will sympathize with him in this hour of bereavement.

Wednesday's Fire.

A telephone alarm was turned into the central fire station at a late hour Wednesday afternoon, which summoned the department to the house in West Gainesville occupied by Rev. J. M. Deas of the M. E. Church, colored. The flames, which originated in the roof, were extinguished by means of the chemical apparatus. The origin of the fire is not known.

READ THIS.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. Bruton,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, reguiates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

HAD A BIG TIME.

Members of Epworth League, Senior, Met With Mrs. T. F. Thomas.

The social of the Senior Epworth League of the Methodist church, which was held at the home of Mrs. T. F. Thomas Thursday evening, was full of enjoyment and interest to those who were fortunate enough to be present. The social was one of those old-time, good-natured affairs where everybody felt at home, with the result that those who did attend felt free and easy.

There were a great many Leaguers and their friends present, and Mrs. Thomas did everything possible to make the evening pleasant. As an entertainer she retained her reputation, and every member of the League, as well as others, voted unanimously that she was one of the cleverest entertainers in the city.

Hunting is Fine.

Dr. H. Herzog, Jr., who has a number of friends from Uniontown, Pa., on a hunting expedition with headquarters at Palmer, reports that the party is enjoying life to its fullest extent, game and fish being plentiful.

Commodore C. H. Beal, a prominent Pennsylvanian, who has been accustomed to coming to Florida and indulging in these hunts for many years, has gone with his good wife to witness the automobile races at Daytona, but expects to return in a few days, when he will join the party.

"You know I hate to leave these fellows, because they are having such a fine time," he said. "But I expect to get back in a few days, and I am going to make them hustle if they take home with them a better record than mine."

Commodore Beall is particularly fond of quail shooting, and is said to hold the record of the party.

Insure with Cushman & Hill.

House Nearly Completed.

The home of Captain Tom McBeath, of the East Florida Seminary, is nearly completed, and within a few days the family will be comfortably located in their new home.

This house is one of the most modern in the city. It is equipped with every modern and up-to-date appliance and will be a model of comfort and convenience. The house will contain ten rooms, every one of which will be provided with a fire-place, and this alone means that the family of Prof. McBeath will be comfortable.

The new home is located on East Main street N., one of the most desirable sections in the city. Professor McBeath and family are to be congratulated upon the acquisition.

A Public Debate.

With a desire to spend a pleasant and interesting evening, the young ladies of East Florida Seminary have decided to hold a public debate in the Seminary hall this evening, to which a cordial invitation is extended the public. The subject for discussion will be "Resolved, That the Study of Literature is More Profitable Than the Study of Science."

Epworth League Social.

The Junior Epworth League and Orange Blossoms of the Methodist church will hold a social at the home of Mrs. J. E. Futch, East Main street, this afternoon from 3 to 5:30 o'clock. The afternoon will be passed in a manner appropriate to the occasion, the Leaguers, Blossoms and their friends are cordially invited.

Attention, Odd Fellows.

The regular weekly meeting of Center Lodge No. 11, I. O. O. F., will be held at the lodge room over Dutton's bank this evening, beginning at 7:30 o'clock. A full attendance is desired, and visiting brothers will receive a cordial welcome. There will be work in the Second Degree.
